**NO BLAME PLACED
UPON COMPANY FOR
THOMPSON'S DEATH.****Jury's Verdict That Mine
Tragedy Was Purely
Accidental.****WANT MINING LAW CHANGED.****Mine Inspector Pays Tribute to Super-
intendent and States Effort to Cover
Deficiency in Laws Would Be Made
at Early Date.**

Coroner Harry J. Bell last night held an inquest into the death of Ulysses S. Thompson, who was killed while at work in the Trotter shaft and the verdict returned by the jury was that he came to his death accidentally while engaged in performing his labors. The jury was composed of M. B. Frye, R. H. Fee, Grant Dull, A. O. Hiler, C. M. Miller and J. R. Bailey.

Elson Raudman was the principal witness. He testified that he had asked Superintendent P. J. Tormay to give him the assistance of Thompson in the shaft work, knowing it to be dangerous, and that Thompson was an experienced and careful workman. The men had worked at various jobs about the mine for six years. The day of the accident the men were engaged in putting in rings in the air shaft. These rings are used to divert water. They were working down the shaft 217 feet, and when they started the work they found the shaft was two planks short to carry it on. Raudman went to the top and told the carpenters and they prepared the planks. He cautioned Thompson to keep under the stairway, knowing that it was at all times dangerous. The last he saw him alive he was still back under the stairs.

Fink and Fryer, two carpenters, who had also been engaged many years in similar work, prepared to lower the planks by a "crab" arrangement, placing a chain about them. The plank was swung over the shaft by the windlass. It broke away and crashed down the shaft without a moment's warning. It is supposed that the chain slipped over the ends of the timbers and allowed them to slide out, or it may perhaps struck the side of the shaft and have been knocked loose. Raudman heard the plank go down into the shaft and crash into the scaffolding. He hastened to the top of the shaft and asked if Thompson were on the surface. Finding that he was not he knew an accident had happened and hastened to the cage, and with the others was lowered. They found Thompson lifeless. The carpenters testified that they had been engaged in lowering plank for years and never had an accident. They could not account for it, but gave it as their opinion that the chain slipped over the ends of the plank. They did not think that it struck anything. The jury returned the following verdict:

Ulysses S. Thompson came to his death in the air shaft of Trotter mine at Trotter, Fayette county, Pa., on Sunday, August 9, 1908, at about 10 o'clock A. M., by falling a distance of about 180 feet, the cause of which was slipping away of a 45 foot plank that was being lowered into the shaft, said plank tearing away from the scaffolding and precipitating the deceased to the bottom of the shaft. From the evidence it was evident that the usual precaution in lowering timber was used on this occasion. We believe that the method of lowering timber in question at Trotter air shaft is of such a nature that last seen deceased was standing in a place of safety, but it is evident that he moved from that place, as the scaffold where he was last seen was left intact.

Mine Inspector T. D. Williams was present at the inquest and paid a high compliment to Superintendent Tormay, stating that he believed him to be one of the most careful superintendents in the region. He said that in his opinion the chain struck the edge of the shaft and was knocked off from its original position, causing it to slip over the ends of the plank. The method of lowering plank into shafts, he said, was not safe. He advocated the placing of a bolt in every plank so that it would securely hold the chain or rope in place, making it impossible to slip. He said that he would endeavor to have legislation enacted covering this deficiency in the mining laws.

One horse and one drunk was the pretext of police court this morning. The drunk was sentenced to 48 hours imprisonment and the horse is being held at Mervin's livery stable for the owner. He was running around at 3 o'clock this morning and is alleged to have trampled up a few South Side gardens.

**BANKER MAKES
ASSIGNMENT.****Brownsville Concern Closes
Doors on Account of
Stringency.**

UNIONTOWN, Aug. 12.—Joseph C. Majerchak, a foreign banker of Brownsville, this morning made an assignment to William A. Edmiston of Connellsville and Attorney A. E. Jones of Uniontown, transferring to them all his property and assets of whatsoever kind found.

Majerchak states that his assets are probably \$1,000 and that his liabilities amount to between \$8,000 and \$10,000. He gives a list of 42 foreigners who deposited in his bank and the amount of money each had deposited with him. He states that this money was deposited for the purpose of safety and also for forwarding to the Old Country. In addition to this he states that he is indebted to the Monongahela National Bank in the sum of \$800, J. C. Higgenbotham \$1,200, and Thomas Grigaliak \$400, these being the largest individual sums of indebtedness recorded.

In his statement filed he gives as the reason for his failure the money stringency, the departure of many foreigners and the drawing out of their savings, and also the failure of other foreign banks, and the consequent losses suffered from this source. The losses to foreigners will probably aggregate more than \$6,000.

**WILLIAM SEMBOWER

Mr. Sembower was married twice. His first wife was Mrs. Sarah Mard, his second wife Jane Junk, daughter of Thomas Junk. She died June 10, 1906, after a long illness.

In addition to his daughter, Mrs. Morse, at home, at Mrs. Charles Langford, of Atwater, O.; Martha, wife of Benjamin Hoffman, of St. Louis, Mo.; Harry, of Blue Island, Ill.; and Robert of Toledo, but now at home. ATTACKED OLD MAN.**Lambert Residents Made It Warm
for Italian for Time.**

UNIONTOWN, Aug. 12.—Mike Carusa is in the hospital here suffering from several severe scalp wounds which were administered to him by the enraged residents of Lambert. It is alleged that the foreigner tried to start an argument with John Stewart, 60 years old.

The old man turned away, and as he did so Carusa stabbed him in the back. This enraged the residents to such an extent that they attacked Carusa with beer bottles and stones. The State Constabulary interfered as Carusa was about to fire into the crowd.

Crushed Percussion Cap in His Teeth.

UNIONTOWN, Aug. 12.—David Cuss, a nine year old boy of Leith, found a railroad cap and not being able to open it with his hands placed it between his teeth. It exploded and carried away one finger, otherwise he was not injured.

**Differences Between Peddler and
Woman Over Dress Goods Is Aired.**

A lively hearing took place last evening in the office of Magistrate E. M. Smurr of New Haven, some of the good citizens of that town taking part in the legal squabble. On information of Harry Oltzky, a Jewish peddler, Mary Malvesky of Mt. Braddock, was arrested charged with larceny by bailee. The woman was arrested yesterday afternoon at house No. 65 at Mt. Braddock.

It seems that the peddler called upon the foreign woman and sold her some of his wares. She gave him the money for it and took the goods, principally dress stuffs. Oltzky claimed that she took more than she had a right to and would not return them to him. The woman on the other hand claimed that Oltzky did not and would not give her the change coming to her. A battle ensued over the matter, the woman sticking to her side of the case.

**CITY GARBED IN GAY BUNTING WILL
BID WELCOME TO VISITING PYTHIANS.****Hundreds of Yards of Decorations Being Placed Upon Buildings for Big
Lodge Convention Next Week.**

With the spreading of hundreds of yards of bunting upon the Title & Trust building, interlarding the Stars and Stripes with the lodge colors, the first of the decorations to go up in the city as an indication of hospitality to the Pythian hosts to be here next week, made their appearance yesterday. If the first of the decorations may be used as a criterion the city will be a mass of colors by the time the Knights and their ladies arrive. The work will be carried on steadily. It is said, until the greater part of the business district will be transformed by a garb of red, white and blue into gay thoroughfares, fairly exhaling welcome to the hundreds of visitors who will be here from all parts of Pennsylvania and from adjoining States. Next week will be a great week for the Pythian Kluklus.

The city will be in the hands of the visitors from Monday. Upon their arrival here one of the first actions

will be the address of welcome by Burgess A. D. Solson, when the keys of the city will be turned over to the lodgemen. From that time until their departure there has been a round of entertainments arranged for them.

Active preparations will be continued from now on until the vanguard of the lodgemen arrive. They will begin pouring into the city on Monday. Every train will bring its delegations and many will come over special trains.

One of the latest things to be done by the local order is the securing of badges for souvenirs and for representatives. The badge will consist of two pieces bound together by the lodge colors, red, yellow and blue. On the upper piece will be the word "Pennsylvania" and the lower the letters "P. C." and "B." on it, standing for Friendship, Charity and Benevolence. On the lower piece will be a miniature engraving of a colic

oven. Decorations this morning began the work on the Armory Building. After the Armory is done the decorations will begin on the principal business houses of town and the residences of the Knights.

Orders have been issued by Captain Harry Dann of Company D for all members to be present at the grand ball to be given by the Knights of Pythias at the Armory on Tuesday evening. All of the Knights will be the guests of the company. The new dress uniforms, consisting of full uniform of state blue, white collar, black shoes and white gloves will be worn by the soldiers on that night.

The latest body to volunteer to march in the big parade on Uniform Rank day is Company D. The boys who fought the elements at Gettysburg will make a fine showing. The Tenth Regiment band, stationed here, will also march in the parade.

**THOUSANDS OF VISITORS THROG BERLIN
AT NOTABLE OLD HOME WEEK CELEBRATION.**

BERLIN, August 12.—Fully 20,000 people are now in Berlin and each train brings still many more. Four trains are arriving daily and aside from this a number are coming by way of automobile, buggy, spring wagon and saddle, and still others are trying it on foot. Berlin's hospitality has no bounds and the visitors are receiving the most hospitable treatment that could be imagined.

Tuesday night witnessed the Old Folks' concert at the tent on North Diamond street. The event was a notable one. The crowd surged about the tent which was completely crowded. The management was obliged to step to the front and announce that the exercises would be repeated on Thursday evening. Even then it seemed almost impossible to control the immense throng.

The chorus of 75 well trained voices under the direction of Prof. R. J. McDowell of Pittsburgh, sang; as one voice, holding the attention of the audience. Yesterday morning witnessed Trades Display-Day, and a monster parade, such as Berlin had never before witnessed. The front carriage contained a number of the oldest residents of Berlin, among them being Levi Shoemaker, Charles and William Roam, Jacob Ross, Casper Ecken and Emanuel Masters. All of these gentlemen have passed the allotted four score

years of life, and one of them, Levi Shoemaker, is nearing his 88th birthday.

Following this came the Citizens Band of Meyersdale. Following it was the most attractive in the parade. A large throne was erected upon which was seated Miss Minnie Snyder, who was honored by being chosen as the Queen of Beauty. On her head was a golden crown hardly surpassed by the crown worn for many years by Queen Victoria. A golden scepter was in her hand and she was received in the most royal style. Her attendants were Miss Mary Pullison, Miss Beada Kriesinger, Miss Anna Zorn and Miss Alice Photo.

Following this was Uncle Sam's wagon. Uncle Sam was mounted on the top, and around him were seated 45 beautiful Berlin ladies, each one representing one of the states of the union. The name of the state was

carefully engraved upon the dress and the wagon received loud cheers.

Then came the Trades Display, the line up being as follows: John J. Bratton's drug store, A. K. Johnson & Son's furniture store, R. C. Heffley's hardware store, the Berlin Roller Flour Mills, the Eclipse Wood Pulley Company, Dorris Jewelry store, Cyrus Musser & Son, the Berlin Concert band, Boys Military Brigade, the Henderson hotel at McDonald, the Miners' Brigade from McDonald, the Penn Air Supply Company, the Berlin Mercantile company, Brant's grocery store, J. S. Moser, the well known blacksmith, Photo's store, the Pittsburgh Dry Goods Company, the Berlin Bottling Works, the Berlin Bakery, John O. Roman's bakery, Rotz W. Ross, marble and granite man, Cable & Sander's grocery, Groff's department store, the Berlin dairy driven by an ox team, John O. Roman's meat market, the Carb Stone Build, the coal mine of George P. Brubaker, on which was humped of coal, and an artificial mine, the members of the Modern Woodmen of America.

This was the annual roll calling for the Woodmen of America, and they marched in a body to the grove of J. O. Stoner, where interesting addresses were delivered by the Rev. W. C. Sykes of Berlin, A. G. Hay, of Somerset and Editor B. E. Bach of Somerset.

partments in Excellent Shape and

Here All Afternoon.**

UNANNOUNCED Third Vice President G. L. Potter of the Baltimore & Ohio railroad came into town shortly after 2 o'clock yesterday afternoon on an inspection tour. He was accompanied by Superintendent of Motive Power White, Engineer Lane of the Maintenance of Way Department, J. J. Finney and other officials.

The party was not in Connellsville by the local officials and accompanied about through the yards and office buildings, meeting all the employees. E. A. Peck of the Pittsburgh division came to Connellsville to meet the party and accompany it over the division.

At the local offices of the company the visit was unheralded and unexpected, but the officials found everything in excellent shape and expressed themselves as well pleased with what is being done here. President Potter is earning a reputation for making inspection parties second only to Thomas Fitzgerald.

Used Constable's Weapon Upon Him

UNIONTOWN, Aug. 12.—William Briscoe, the lion-hearted constable of New Salem, while attempting to quiet the disturbance at a wedding at Buffington last night had his hand-billy beaten away from him and was severely beaten about the face and body. He returned with reinforcements and arrested George Koller and John Bodochick.

**BOOSTERS DAY
IS ARRANGED.****Program For Sports and
Double Header the
Attractions.**

All roads will lead to Connellsville and Marietta & Stillwagon park next Saturday afternoon when the big Boosters' Day will be held. The admission is \$1 for adults and 25 cents for children under 12 years of age. According to the advance sale of tickets the crowd will be one of the largest ever attending a base ball game here.

Two games will be played on Saturday with the Clarksburg Drummers who are now threatening to take first place away from the Onions. The first game will be called at 2 o'clock. Between the games a field day will be held between the Connellsville and Clarksburg teams.

Following are the events, although it is probable that others may be added: Fastest time from home to first base, 100 yard dash, fastest time in circling the bases, long throw from outfield, accurate throw for catchers from home to second base, fungo hit, base running out a home run and all other features connected with a regular field day.

Upon the success of Boosters' Day largely depends whether Connellsville will have a team for the rest of the season and maybe next year. The salaries of the team are again due on Saturday and the prospects of Boosters' Day are expected to cover the money due the players.

It is reported that Jack Cotter will leave after pitching today's game. Every effort is being made to hold him. A double header will be played this afternoon between Connellsville and Gratton.

The entries for the field sports have not been opened yet, but it is probable that nearly every member of the two teams will participate in at least one of the contests.

**WHO WILL KEEP TAB
ON RAGING YOUGH?****This Question in Connection With
Water Gauge Is Open For Dis-
cussion—Police Off Job.**

The Government water gauge in the Yough river has already proved a troublesome affair. W. C. Armstrong of the Merchants' Association secured the water gauge, but found that he was too much occupied with business affairs to give it his attention twice a day. The police were consulted and it was decided that the day policemen should take the readings morning and evening.

Now some of the Connellsmen have objected to the police taking care of the water gauge, claiming that Mr. Armstrong is paid to do the work and that in order to have it done properly he should see to doing it. Chief of Police Ruttler was notified that he should not allow his men to continue taking the gauge.

Who will take the measurements now is not known, but it is likely that the job will be passed to Mr. Armstrong and he will have to secure someone else to measure the flow.

Drouth Affects Mines.

JOHNSTOWN, Pa., Aug. 12.—The drought prevailing in this section of the country for some weeks, yesterday hit the Barwind-Whitely Coal Company, operating many mines in the Somerset county field, a hard blow, when lack of water for power compelled the closing down of mines 31, 33 and 34. Not less than 1,500 men are thrown out of employment.

Company officials state that unless relief in the shape of rain come in a short time, other mines will have to close. The company has been unaffected by the drought and has been running full time for months.

**Demolished Buildings in Order to
Secure Stone in Quarry Beneath.**

UNIONTOWN, Aug. 12.—George L. Fisher, a retired foundryman of Pittsburgh, has entered suit against W. S. Ringer of South Connellsville, to recover \$2,250 damages alleged to have been sustained by the removal of several buildings and other things from a sand and stone quarry. The plaintiff alleges that he is the owner of 143 acres in Connellsville township upon which were a frame sand mill and a frame dwelling of two rooms and a kitchen. He states that the sand mill was worth \$1,500 and the house \$750. On August 20, 1907, he states that he entered into an agreement with Ringer whereby the latter was to quarry sand and stone until April 1, 1908. He avers that the defendant tore down and removed the two buildings and damaged them to the sum mentioned.

Isaac K. Pierson and Nance M. Pierson, the latter having a power inter-

est, filed suit yesterday through their attorneys, D. M. Herring and J. M. Frusher, against the Pennsylvania railroad, their action being in the nature of an appeal from the award of viewfers for about 2,008 acres of land in Redstone township. The suit declares that the land taken is worth about \$3,000, but that the total damages to the farm of about 150 acres amounts to \$10,000.

On April 25 last the viewfers who were named to assess the damages found for the plaintiff in the sum of \$951, but it is claimed that this is entirely incorrect. The viewfers were James Henderson, John F. Hankins, Ash F. Junk, Alex. W. Hart, John D. Snower, C. L. Waggoner and Garrett Emme.

The Weather.

Fair and cooler tonight and Friday is the indication at noon.

**LIGHTING SYSTEM
AT B. & O. STATION
WILL BE CHANGED.****Electricians Here to Work
Improvements in Depot
Illumination.****NOT DECIDED UPON SHED.****Question of Covering Front of Depot
Still Being Discussed by Officials of
Road—Two Schemes Advocated.**

The lighting system in vogue on the Baltimore & Ohio platform will undergo a change. The incandescent lights that were installed when the station was erected have not been satisfactory owing to their being hung too high. Electricians have arrived from Baltimore to look over the situation and it is possible that the lighting scheme will be entirely changed.

No decision seems to have been arrived at yet as to whether the platform is to be covered, or left as it is without a shed. Some think a shed directly in front of the building would serve the purpose all right, while others advocate a shed placed over the entire platform reaching from track to track. The express and baggage men are particularly anxious to have a shed erected as the rainy days all the trucks have to be covered with canvas and when trains are late there is considerable danger of the rain doing damage. But the shed would be of greatest convenience and bring a great deal more of patience to the patrons of the road. On rainy days it would be possible to stop in the open instead of in a crowded waiting room and during the summer it would afford an ideal stopping place. There is always a good breeze along Water street, but the sun is so intensely hot that it is impossible to stay on the platform for any length of time.

It is reported that Jack Cotter will leave after pitching today's game. Every effort is being made to hold him. A double header will be played this afternoon between Connellsville and Gratton.

The entries for the field sports have not been opened yet, but it is probable that nearly every member of the two teams will participate in at least one of the contests.

**FINANCE COMMITTEE
OF COUNCIL MEETS.****General Conditions Were Discussed as
to City's Money and West Penn
Bill Brought Up.**

A meeting of the Light and Finance Committee of Council was held last night at which finances in general were discussed. General Superintendent L. H. Jenkins of the West Penn was present and the committee closed over the lighting bills. It was found that the company had due them aside from certificates of indebtedness nearly \$6,000 for lighting.

These bills will be reported at the next meeting of Council and will probably be greatly reduced.

Rumors continue current at Washington to the effect that troops are likely to be sent to Hanoi to aid in restoring order on the island. Freight Wrecked as It Was
Running by First
Section

OF THE SCOTSDALE OUTING.

Prize Winners at the Idlewild Gathering Wednesday—Salt Lick Man Who Yelled for Taft—Other News Notes of the Mill Town.

SCOTSDALE, Aug. 12.—There was a heartrending escape from a horrible accident to the merry throng of the merchants' picnic at Idlewild yesterday that would have made one of the most wholesale slaughters in the history of excursions. While the first section was steaming from Greensburg to Latrobe in the morning trying to make up lost time, a freight train was flying in the opposite direction on the track next that of the excursion train. As the freight came opposite and was passing three freight cars buckled together and were thrown from the track. Providentially, the cars fell away from the excursion train instead of toward it, saving a loss of life that would have utterly ruined the picnic and thrown the town into sorrow. There were 2 1/2 cars at the picnic, 1,605 full fares and 402 half fare tickets being sold from here. The Grand Army band and the old Craft Musical band were popular during the day.

The athletic events in charge of W. S. Goshorn were as follows, and this is the list of winners as given by Mr. Goshorn. The names of the donors of the prizes appeared in Tuesday's Courier:

Telephone installed.

The long looked for telephone promised by the Tri-State Telephone Company for the use of the firemen are being installed in the hose houses of the Second and Fourth wards today. The borough has been after these for some time and have finally landed them. The Tri-State within the last week has taken quite an air of improvement on in the town and in its service.

Arrested Witnesses.

Constable T. J. Gillespie arrested

Mrs. Maggie Morrow, and her daughter, Ida, a young girl charged by W. A. Myers, former Constable of the Second ward, with absconding as prosecutor and witness some time ago. This is an outgrowth of the case in which the girl charged Geo. Geyer of Swedetown with a serious offense recently and when he was held for court by Justice H. C. Hubbs they failed to appear. They will be placed in the keeping of the Sheriff today to be in readiness when the case is brought up again.

He Cheered for Taft.

William Kaufman, who gave his address as Salt Lick township, was before Burgess William Ferguson this morning. He confessed to having taken a couple of drinks too much. "I guess I would not have got in, but I made a noise. I hollered for Taft a couple times." There was an audible smile from the crowd at the hearing. "For whom did you yell?" asked the Burgess. "For the President," explained Mr. Kaufman. "That will cost you \$5," said the Burgess, at which Mr. Kaufman smiled affably. "If you had hollered for Bryan it would have cost you \$10. It is more of A. Myers, former Constable of the His Honor. John Johnson was also before the Burgess and was assessed for having taken too much airship juice.

Of a Personal Nature.

Mr. and Mrs. J. J. Cauley of Scottdale and Mr. and Mrs. J. F. Rickard of Brownsville are making an automobile trip to Buffalo and Canada.

Harry I. Randle returned Wednesday evening from his vacation, which was spent with Mr. and Mrs. H. L. Stewart of Cornopolis. Mrs. Stewart being a daughter of Mr. Randle.

Mr. and Mrs. E. M. S. Payle were calling on friends in Mt. Pleasant on Tuesday afternoon.

Mr. and Mrs. W. J. Ornet were visitors to Pittsburgh on Wednesday.

Mrs. Linda Rankin is visiting her brother, Daniel Shrader of New Stanton.

Charles J. Wilson of Sygan is visiting his father, P. B. Wilson, of East Scottdale.

TORN STAMPS WILL NOT BE OF ANY USE.

Even Though Corner is Mutilated Letter Will Be Withheld at Sending Office.

Postmasters are in receipt of a notice from the Postoffice Department announcing that a mutilated stamp will no longer carry a letter through the mails.

By the terms of the new order a defaced stamp is worthless should the corner be torn off, no matter how small, or the stamp be mutilated in any way. It cannot longer be used. All letters bearing such stamps will be held at the postoffice two weeks for recovery, and at the end of such period, if not claimed, will be sent to the dead letter office.

Another phase of the order is also interesting. Permission is now given to individuals to perforate the stamps they use with a reasonably small instrument for identification purposes. That plan is intended for the prevention of sending anonymous letters for the formulation of private mail of any nature.

Go to Law Over 25 Cents.

New York, Aug. 12.—Twenty-six cents, representing the total estate of Samuel Sigmund, who committed suicide, is in litigation and B. C. Hammond, the dead man's son-in-law, has applied to Surrogate Noble of Queens county for letters of administration.

Picnic at Piney Grove.
The United Brethren church is today holding a picnic at Piney Grove near Rogers Mills along the Indian Creek Valley road. The United Brethren church at Mill Run is holding the picnic and issued invitations to all the nearby churches. As a result of this invitation a large number of the members of the local church went there this morning to spend the day with their mountain brethren. Among those who are attending are: Mr. and Mrs. J. F. Koser, Mr. and Mrs. P. B. Noon, Mr. and Mrs. Frank Krepps, Mr. and Mrs. John Coughenour, Misses Mary, Lillian and Hilda Bridgman, Misses Muriel and Mingo Reese, Miss Anna Tipton, Miss Maude Shoemaker, Misses Warrum, Miss Whinnie Bingham, Mr. and Mrs. George Dull, Mr. and Mrs. Walter Laughrey, Misses Bessie and Myrtle Shallenberger and Mrs. James Kiddie. Rev. W. V. Barnhart, former pastor of the church, but now of Williamsburg, is also attending the picnic. He is spending his vacation in that neighborhood.

Mary Go to Shore.
The largest Atlantic City excursion run over the Baltimore & Ohio railroad from Pittsburgh this year passed through Connelville on time this morning. There was one long Pullman train, on which all space was taken up and a second section of day coaches carrying all the passengers that it would seat. Baltimore & Ohio officials were delighted with the excellent crowd that they had today. Two more special trains are scheduled for departure this evening. Among those from Connelville who boarded the train were: Mrs. W. J. Bauer, Miss Anna and John Bauer, Misses Laura and Lottie Hay, Mr. and Mrs. Clyde Gansinger, Mr. and Mrs. Bernard Walker, Harry Sweeney, Mr. and Mrs. William Storey, and Miss Myrtle Herbert of Scottsdale. A number of Connelville people are preparing to take tonight's trains for the seashore.

Card Party for Guest.
Misses Mildred Hyatt and Helen Clark were hostesses at a very enjoyable card party yesterday afternoon given in honor of Miss Helen Gilbert of Pottstown, who is visiting Miss Hazel Feltz. Cards were played from 2 until 5 o'clock, five tables being occupied. The first prize was won by Miss Mary Landis and the consolation prize by Miss Ruth Bistine of Youngstown, O., who is the guest of Miss Josephine Forster. The decorations were in pink and white, the color scheme being carried out with artistic effect. The out of town guests included Miss Alice Bowater of Allentown, Miss Ruth Bistine of Youngstown, and Miss Helen Gilbert of Pottstown.

A Real Novelty.
Connelville people who visit Confluence have had another entertainment added to the resort of which they have been taking general advantage. Near the park Kinsey Thrasher has erected a large skating rink, and with the opening of a few nights ago it created a general reception for the entire town. Several Connelville people who were present at the reception say that the rink is a novelty for the neighborhood that is being greatly enjoyed. Several of Connelville's best skaters were already enjoying a slide on it while sojourning in that neighborhood.

Entertains for Guest.
A handsomely appointed affair was that given by Miss Gertrude Lindsay last evening at her home on Green street in honor of her guest, Miss Verna Cooley, of Pottstown, Pa. About 24 friends of the hostess were present, the hours being from 5 to 9 o'clock, during which time various games were in progress. At 6 o'clock a bounteous luncheon was served, the latter part of the evening being devoted to various sorts of music after which the guests repaired to their respective homes highly pleased with the affair in which they had just participated.

Hotelmen's Picnic.
Uniontown hotel men have arranged to hold their annual picnic August 27 at the Mountain Water Club. They contemplate having the largest excursion that can be had and promise that it will not be less than \$800 pounds. At a meeting last evening George F. Titlow, T. Springer Todd and G. W. Wilkinson were appointed on the program committee. Robert F. Sample, J. B. Wyatt and D. J. Johnson are the supply committee. The invitation committee is composed of Irvin Altman, R. F. Sample and J. W. Johnson.

Enjoyable Picnic.
Not an accident marred the day when the Sunday school of the Holy Trinity Church of New Haven took their annual outing and picnic at Shady Grove yesterday. Over 200 of the young people of the church took advantage of the picnic, a special car being chartered to transport them to the park. All of the park amusements, including the roller coaster and the merry-go-round, were liberally patronized by the picnickers.

Have No Meeting Place.
No meeting of the William F. Kurtz Post No. 104 was held last night, as scheduled on account of the Post not having any headquarters. Owing to the fact that the former meeting hall in the Rutesek building has passed into new hands, the veterans are now looking for new quarters. It is hoped that new apartments will be secured by the time of the next meeting to be held the second Wednesday in September.

To Dine at Ligonier.
Mr. and Mrs. Rockwell Marietta, Mrs. William Dull and Mr. and Mrs. Melvin Grey left this morning in Mr.

Marietta's large touring car for Ligonier where they will be guests at a large dinner party on Mr. Marietta's farm. Mr. and Mrs. Harry Marietta will leave this afternoon in his new 30-horse power Cadillac, which he has exchanged for his smaller car.

Dined and Danced at Park.
Misses Zula Wallace, Catherine Frisbee, Gertrude Markle and Marie Hood of Connelville and Miss Margaret Winton of McKeesport and Messrs. Thomas L. Coll, Alvinus Coll, Harry White, W. J. Hamann and Paul Kilpatrick of Connelville and Stewart Monroe of McKeesport dined at Shady Grove last evening and later enjoyed the dancing.

Entertains Missionary Societies.
Mrs. J. H. Miller of Third street, New Haven is this afternoon entertaining the United Woman's Missionary Circle of the Mt. Pleasant Baptist church. A large number is in attendance from Mt. Pleasant besides a number from the local Baptist church.

Hay Ride and Dance.
OHIOVILLE, Aug. 13.—A merry party, consisting chiefly of Connelville people, had a hay ride and dance at Shaffer's farm last night. They opened the luscious watermelon and made merry until a late hour. There were 22 in the party.

Circles No. 9 to Entertain.
Class No. 9 of the United Brethren church will give a social in the Cunningham building Tuesday and Wednesday evenings, August 18 and 19, from 11 A. M. to 11 P. M. The proceeds are for the benefit of the church.

Regular Social Club Meeting.
A regular session of the Young Modico Social club will be held this evening at the home of Dr. Charles W. Utts of New Haven. An interesting program has been arranged and all members are requested to be present.

No Meeting Was Held.
Owing to a misunderstanding no meeting of the Ladies of the Macedonia was held last night. The meeting was a regular one. The next meeting of the society will be held the second Wednesday in September.

Ladies Circle in Session.
The regular meeting of the Ladies Circle No. 100 to the G. A. R. is being held this afternoon in the Odd Fellows hall on East Main street.

PITTSBURG, August 13.—(Special) When a burglar entered the home of Ernest Reeves, a wealthy druggist, this morning, early and saw the pink toes of pretty Martha Reeves, aged 17, peeping from under a coverlet, he forgot to burglarize. When the girl thoroughly awakened saw the grinning face of a man peeping over the footboard she screamed and aroused the family. Giving Martha's toes a parting tickle, the man turned and escaped.

PARIS, Aug. 13.—Wilbur Wright's aeroplane experiments which aroused all France to a wonderful pitch of enthusiasm, came to a sudden halt this morning by a serious accident to the flying machine. While the aeroplanist was engaged in what is supposed to be the most successful flight, in attempting to avoid a deep slough, Wright turned the aeroplane sharply and by a false maneuver brought the machine violently to the ground. The left wing was broken and several other minor injuries indicated. Fortunately the motor is unharmed and Wright announced that he hoped to have the machine in readiness to fly within a few days. COTTER ALLOWS BUT THREE OF WANDERERS TO SEE FIRST BASE.

Grafton Gets But One Scratch Hit and Game Goes to Cokers.

Clad in a gray Bradford uniform, Jack Cotter was in his glory yesterday afternoon and drove away the hoodoo that has been lingering over him for a long time by letting the Grafton Wanderers, ex-Millers, "Buckwheats," etc., down with two tiny punky scratch singles. But 23 Wanderers faced the center and but three of these saw first, one in the third, one in the eighth and one in the ninth. By a quick double play one of these men was caught out and the other two died on the way. Jenkins was the only lucky Wanderer and his hit was one of the most punky that has ever been seen on the local diamond this year. The ball was apparently an easy out, rolling toward Milt Montgomery with medium speed. Just as Milt was shutting down the gates to trap the ball an unseen stone caused the pill to take a jump right over Milt's head. In the last inning with two down, Jacobson broke the spell by sending a line drive over second that passed Montgomery's glove and bounded away into middle field. Twenty of errors were made through out the game but nevertheless it was one of the prettiest battles ever seen on the local diamond. "Buckwheat" Jackson, erstwhile star twirler for the Fairmont Babes, although suffering with a sore arm, had his dope ball working right and pitched ball that would have won an ordinary game. The Cokers supported Cotter magnificently. Montgomery, Yeodt and Ellum accepting all sorts of hard chances. The outfield did not have a chance.

Jackson and Judy Lawton, ex-Cokers, were in Grafton uniforms and the former played a brilliant game in the field and at the bat, but all of his drives went straight into the hands of the fielders. Lawton jumped into the game long enough to fan out while waiting for Jackson. Johnny Yeodt, in the absence of "Sunny" Price, who is suffering from a case of poisoning, covered the third corner and played classy ball throughout. He accepted five ground balls and fozzled on one, a slow, hard bounce. Montgomery also celebrated his return to the game by doing some fancy exhibitions on the keystone sack. He figured in a fast double play. The game was due to the timely stick of Mister Calhoun, left gardener for the Cokers. In the eighth, with everything looking blue, he met one of "Buckwheat's" in-shoots for three sacks, putting the pill far into right center where the winds and tall grass flourish. Francis with the infield playing close contributed a pretty little Texas leaguer over first base, Calhoun crossing the plate with the only run of the game. The Cokers had men on the circuit in nearly every inning, but the little opposition was always missing them. In the eighth, Jimmy Gauder, with Clarksburg last year, and with Waynesburg two years ago, played middle field for the Graftonites, and although he met the ball on a line, someone was always waiting for it. His only fielding chance was three-base drive. Cotter struck out nine Wanderers during the game.

Baseball Babble.

Noarier to the top.
 Clarksburg trimmed the Onions. We sat on them in our own back yard.
 Grafton is the same old bunch of hard luck players that Scottsdale was. Jacobson is playing a fine game for the Wanderers. He accepted every chance in the field, stepping some hard hit ground balls that nearly always got away from him when playing in Connellsville.
 Judy Lawton got in the game long enough to bat for "Buckwheat" Jackson and fan out. Eight other Wanderers looked foolish.
 Jack Cotter was hit to the four corners of the earth for two bingles, and one of them was the luckiest hit ever seen on the local diamond.
 That Ferguson boy was all alive on second base for the ex-Millers. He accepted nine hard chances and did not make the slightest slip.
 Calhoun's little triple was a hit in time as was Francis' Texas leaguer over first. "Chips" hit would have been an easy out if the infield had not been playing in to catch the runner at home.
 Connellsville's infield was playing ball all the time. Twenty-nine out of 30 chances were accepted by the inner men.
 Ellum did the unexpected in the fifth when he laid a pretty butt down the first base line. Both Jenkins and Jackson went after the ball but did the Alphonse and Gaston act and Ellum was safe.
 Yesterday's game was the shortest one played in Connellsville this season. One hour and 25 minutes was the time.
 Jimmy Gauder sent the ball out on a line drive every time, but somebody was always waiting for it.
 Uniontown fans are taking back every idea they ever said about Unions Holland. The Uniontown Herald says, "Umpire Holland's rank decision gave Clarksburg a 6 to 3 victory over Uniontown at Cyelo park yesterday afternoon before a large crowd."
